October 1, 2021

Dear Saint James School Families,

As you may already be aware, Governor Lamont recently issued an [executive order](#) extending the indoor mask mandate for students in all pre-kindergarten through grade 12 schools through February 15, 2022. As such, Saint James School students, staff, and visitors will continue to wear masks while in the school building, except for during the teacher-directed mask breaks that occur throughout the school day.

Please know that, as always, we are fully committed to making Saint James School a safe and fun place for our students to grow and learn. Despite the challenges of the past 18 months, the support and diligence of our parent community has allowed our students to continue receiving an exceptional education without interruption.

We will continue to assess our school's health protocol as afforded to us by current mandates and requirements. Please reach out to me, or your child's classroom teacher, with any questions.

Peace in Christ,

Mrs. Bridget Zorger
