

# The world should be a better place...

## ...helpful, friendly, courteous, kind.

A great community is more than a place. It's the people, active within it. Enjoying a beautiful day together.

Treating others with respect. Supporting each other.

Since Troop 123 started in 1957 our Scouts have been

building stronger ties with

the Manchester community

by supporting local events.

Whether we are honoring the

sacrifices of others,

improving the landscape, or

even providing free ice water on a hot day, the boys and girls of

Troop 123 have learned the importance of supporting the

community. They demonstrate that good citizenship in the community is more than just a

merit badge. Their actions make the community great.

## See that world. Be that world.

Manchester Troop 123 | 40 Pitkin Street
