

Dear Saint James School Community,

It was with a heavy heart that we wish Principal Bridget Zorger the best on her future path as she leaves the school at the end of this school year. We thank her for her years of dedicated service to our great school community, reflected in the continued spiritual and academic growth of our entire student body. Principal Zorger's presence will be felt in the school for years to come.

In that spirit, we invite you to attend a special gathering in honor of Principal Zorger's time and at Saint James School on June 9th in the gym from 4 – 7p.m. Please join us in celebrating her dedication, accomplishments, and the memories you have shared with her.

We know there will be questions about the future of the school administration with Principal Zorger's departure at the end of the year. Please be assured that the path she set forward will continue as we look to find a new administrative leader for our school. While we can never replace her, we will be taking every step in the coming months to make sure that the spirit and character of Saint James School is maintained into the future.

Our summer programs, as well as enrollment for the 2026-27 school year, will proceed as normal. As we move forward in our search, we will continue to communicate with you in a timely manner.

Thanks to you, our community, and once more to Principal Bridget Zorger.

God Bless,

Father Marcin and

Mary Alice Nadaskay
